What have I worked on?

- The first base question on end to end travel times has been answered.
- We have calculated the end to end travel times and average travel times for all the different bus routes.

What will I be working on next?

- Working on answering the second base question to identify disparities for service levels for different routes.

Have I run into any issues? Do I need help?

- No blockers on our side right now

Team Lead: Have I talked to the client recently? When are we meeting with them next?

- Not required at this moment
